25 YEAR RE-REVIEW

Dear Arthur:

STAT
It is much too long since you and I have seen each other, and I am glad that the visit of your friend, [redacted] furnishes an occasion to answer your good letter of July 27.

The problem he presented is one of great interest to us and one that we are following closely from the intelligence angle, and I am hopeful that we can be of some assistance. The Soviet dumping of POL is becoming an increasingly serious problem.

Looking forward to seeing you soon, I remain

As ever,
